

Hockey Ramblers Continue On Winning Streak

During the past week Didsbury Ramblers have gone undefeated in three starts and are threatening to take over second place in the Chinook League. At last reports the top three: Olds, Innisfail and Didsbury, were not too many points apart.

The locals grabbed four points by defeating Bonness twice on home ice last week and trounced Carstairs in a game in the south-east on Tuesday night.

Up-to-date statistics on scoring leaders and team standings are not available at this time, but we do know that Ramblers have three players in the "top ten" and are biting at the heels of Innisfail for second place. It is hoped league officials will provide a more detailed summary for the next issue.

The schedule to the end of this month appears below; make sure you attend the local games.

WESTERDALE NEWS

(From Our Own Correspondent)

A most successful military whist party was held at the home of Mr. W. Herbert on Monday, January 12, when 10 tables were in play. Top honors went to Mrs. B. Brinson.

Mrs. W. Jahnke, Mr. H. Brown and Mr. W. Wigley.

Mr. and Mrs. F. J. Jackson returned home from Edmonton last Monday, where Mr. Jackson had been taking treatment at the University hospital for a lung ailment.

The January meeting of the Willing Workers was held at the home of Mrs. J. P. Schrader last Wednesday afternoon with 13 members present. Mrs. R. Heaton joined the club at this meeting.

Roll call was answered with fire prevention measures. Correspondence and thank you cards were read by Mrs. S. Jackson, who acted as secretary in the absence of Mrs. D. Harbert.

The organization agreed to cater to the Schrader auction sale, late in February.

It was decided to hold a military whist party at the P. J. Jackson home on February 9th and one on January 28th, if a home is available.

Mrs. W. Herbert acted as auctioneer for the various articles contributed for the sale; net proceeds amounted to \$6.78.

It was suggested that members willing to dispose used Christmas cards bring them to the next meeting so they may be sent to the Calgary Rehabilitation Centre. The tea prize was won by Mrs. W. Herbert.

Mr. Petrie, of Marysville, B.C., and Mrs. Martin of Calgary, visited at the home of Mr. and Mrs. A. Jones recently.

Melvin Petrie, who had been visiting at the home of Mr. and Mrs. A. Jones, has returned to his home at Marysville, B.C.

Jimmy and Donna Herbert have been out of school — the ailments? scarlet fever.

Church To Hold Every-Member Canvass

(From Our Own Correspondent)

An Every Member Evangelism canvass will be made by the members of Redeemer Lutheran Church, on Sunday, January 25th. A number of members from Redeemer will meet on Thursday evening in the Church basement for a short briefing session. During the Sunday morning service they will be commissioned in the presence of the congregation. Plans are to have each home in the congregation visited. The purpose of this Every Member Evangelism visitation is manifold. The members of the congregation become better acquainted with one another. They minister to one another. They share God's Word with one another. They have opportunity to work and witness for Christ.

The visitation this year also fits into the Preaching - Teaching - Reading Evangelism Mission that is being undertaken by all the Lutheran Churches of the Calgary Circuit, February 1st to 5th. Beginning with Sunday, February 1st

and continuing through to Thursday, February 5th, informal services will be held at Redeemer Lutheran Church every evening at 8:00 o'clock. The guest speaker for this P-T-R will be the Rev. A. Krahenbuhl of Oliver, B.C.

To prepare for an important phase of P-T-R work, the calling on prospects, a number of members of Redeemer, Lutheran, together with their Pastor, the Rev. E. B. Fox, attended the P-T-R briefing session at Mt. Calvary Lutheran Church, Calgary on Monday evening, January 19th. Among those attending were E. Pieper, C. Schell, C. Meyer, G. Pieper, L. Hildebrandt, D. Levagood, E. Reinhardt, W. Reinhardt, H. Polkman, D. Henkelmann, G. Gebers, J. Reese, G. Suderman, L. Krebs, D. Larson, D. Meyer, A. Roschill, C. Roschill, V. Richter, D. Patton.

Representatives of all the Lutheran Churches participating in the Calgary Circuit P-T-R were in attendance.

MELVIN W.I. HOLD REGULAR MONTHLY MEETING

MORE MEN THAN WOMEN DIE OF TUBERCULOSIS

In Canada almost twice as many men as women die of tuberculosis. One reason may be that the disease is diagnosed in the early stages far more frequently among men than women.

The earlier tuberculosis is treated, the better the chance of recovery.

Candidate Leaves By-Election Race

Contrary to an advertisement appearing elsewhere in this paper, Mr. Roy Yewell of Olds will not be a candidate in the provincial by-election to be held in the Olds constituency on February 9th. He was to have carried the Progressive-Conservative banner in the February "test case." He withdrew his name on Wednesday.

This information was received shortly before press time and it is not known here if the party will put another candidate forward.

CHRISTIAN SCIENCE
 The vital importance of having
a strong, spiritual foundation will
be stressed at Christian Science
services Sunday.
 Keynoting the Lesson-Sermon
entitled "Truth" is the Golden
Text from Deuteronomy (32: 34):
"Ascribe ye greatness unto our God.
He is the Rock, his work is per-
fect; for all his ways are judgment:
a God of truth and without iniqu-
ity, just and right is he."
 From "Science and Health with
Key to the Scriptures" by Mary
Baker Eddy will be read the fol-
lowing (481: 8-9): "Through spiri-
tual sense only, man comprehends
and loves Deity."
 Scriptural selections to be read
include the following (Psalms 18:
30:31): "As for God, his way is
perfect; the word of the Lord is
tried: he is a buckler to all those
that trust him. For who is God
save the Lord? or who is a rock
save our God?" 0

Notes From D.A.

By HOWARD FULCHER
District Agriculturist
 Farm buildings are a large item
in cost when operating a farm.
The trend is to build various util-
ity-type buildings which will de-
crease over-head and labor require-
ments. Many buildings used for
housing livestock become a problem
as far as moisture condensation
during the winter months is con-
cerned. Any building built today
at the present costs must give sat-
isfaction in utility, capacity, main-
tenance and durability.
 To answer many of the problems
which confront farmers today, a
Building School will be held at the
Olds School of Agriculture this
month. This Building School will
be of a two-day duration. The
first day being Tuesday January
27th, the second day Thursday
January 29th. On each day the
program will start at 9:30 in the
morning terminating at approx-
imately 4:30 in the afternoon. Fol-

Coming from the mouths of those who should know, we hear that last week's bonspiel was definitely the best ever held in these parts. We'll go along with that line of thinking — blessed with perfect weather, a fine list of entries, lots of upsets and lots of close games, the hoot and holler fellows had a real week of it. Non-contestants (like ourselves) who sat behind the glass and directed traffic, enjoyed the curling as much as those who were doing the actual work. And a friendly nod to the hired help and the volunteers, who kept the ice in near-perfect condition throughout. Playing next door on a couple of nights last week the Ramblers hockey club tacked a few valuable points on the right side of the ledger and seem to be rounding into shape nicely. Check the schedule elsewhere in this issue — be there when the next home game comes up.

Testing? . . . Testing? . . . Testing? . . .

The February by-election in the Olds constituency is shaping up as a testing ground for things to come insofar as provincial politics are concerned. Three parties will have candidates in the race and are pulling out all stops to have their favorites elected. Could give us an insight into what might happen when the whole province goes to the polls next time an election is called.

Not Official Yet, But . . .

It's close enough to comment on. Didsbury ("our town"), is definitely in the running for a new post office. The way we understand it only a few minor details have to be ironed out, and it is said a site has been selected. Rumor has it that it will be a \$100,000 building and will house other offices. If wrong there's no doubt we'll hear about it, but this time we think rumor alley will come through with the facts 'ere long. We certainly hope so.

So True! . . . So True! . . .

**Last Session
Coming Up**

The next session of the Alberta Legislature, slated to commence in two months time, is expected to be the last before Social Credit Premier Ernest Manning calls the provincial election.

All major parties are nominating candidates for the forthcoming contest which is expected in either late spring or summer. The Social Credit party, who have been in power for 23 years, are faced with their toughest opposition in more than a decade.

The Liberals at present form the official opposition in the provincial house with 15 of the 61 seats. They are working under their new leader, Grant MacEwan, who took over last month from retiring 45-year-old Harper Prosser.

However the main threat to the Social Credit administration is expected to come from the revitalized Conservative party. Tory supporters point to the fact that their party obtained more than 200,000 votes in the last federal election. This is compared with 94,000 votes for the scored candidates and 30,000-odd for the Liberal standard bearers.

The Conservatives have named eleven candidates for the next election. Two were named this (last) week — Leo Toews, a Clarendon farmer for the MacLeod riding and Alex Grant of Hillcrest in the Pincher Creek constituency.

Several familiar faces in the legislature are not expected to be around when the new legislature comes together. Two members so far have announced they will not seek re-election. They are Liberal Prosser and Dr. Wallace Cross, the 72-year-old former health minister.

John Wingblade, scored member since 1935 for Wetaskiwin, is 76 but seeks another mandate to represent Wetaskiwinians in the legislature. His main opposition may come from 36-year-old Tory Bob Angus who was James Speckman's campaign manager in the March federal contest.

Political observers note that several Social Crediters who were elected in 1955 to represent the multiple seat ridings in Edmonton and Calgary will be hard pressed to get themselves re-elected.

Dr. Donovan Ross, the minister of health collected under one thousand votes on his last election in Edmonton. He was only declared a winner after the twenty-third count and picking up eight-thousand votes from Premier Manning. This was under the then proportional representation system which has since been changed to the straight "X" system of voting. This is expected to work to the advantage of the Social Crediters in the province's two major cities.

Other Social Crediters who were only elected after several counts last election include Edgar Gerhart in Edmonton and Art Dixon and Mrs. Rose Wilkinson in Calgary.

There is speculation where Premier Manning will decide to run. He lives now in the riding of St. Albert which was captured last time by Liberal Art Soetaert. Soetaert defeated the then attorney general Lucien Maynard.

It is thought by observers that Manning may stand in one of the nine Edmonton ridings. However, no district is considered a safe scored area after the city elected with overwhelming majority three Tories to represent it in Ottawa.

One of the strong men of the cabinet, highways minister Gordon Taylor, has a battle on his hands in Drumheller. The coal producing district of central Alberta is reported to be unhappy at the lack of leadership from the government to find the new coal markets. The city's young active mayor — 29-year-old Ernest Toews who was a runner-up for the Conservative leadership last August — is known to be interested in running for the legislature on the P.C. ticket.

In the past when Alberta changed politically, it changed in a big way. The Liberals ruled from 1905 to the 1920's when the United Farmers took over until the 1935 election. The 1959 election may see another change, who knows.

TB CLUES . . .

A tuberculin test is a skin test, given to determine whether or not a person has been infected by tuberculosis germs. A positive reaction does not mean that the person has active tuberculosis. Only about five percent of reactors have active disease. It is a warning that the person should have a chest X-ray to make sure that there is no danger.

The tuberculosis death rate in Canada is falling steadily, but despite this fact there were 1,183 deaths from this disease in 1957.

Tuberculosis was formerly thought of as a disease of the young, but in Canada today two out of three deaths are of persons over 40 years of age.

For Progress In The
Olds Constituency****● THE LIBERALS IN THE OLDS CONSTITUENCY —**

Favor a Highway Program which will see an extension of Highway 26 from Sundre through Olds to Torrington-Wimbome to Highway 21 at Trochu.

● THE LIBERALS ARE PLEDGED —

To the Construction of a bridge over the Red Deer River in the region of the Garrington Ferry. Grant MacEwan, M.L.A., Alberta Liberal leader, has stated that a Liberal Government in Alberta, would build this bridge. All the bridges over rivers in the Olds Constituency were built by the Liberal administration from 1904 to 1921, or are replacements of bridges built during that time.

● THE LIBERALS IN THE OLDS CONSTITUENCY —

Favor a revision of problems created by the Co-Terminus Boundaries principle, particularly as they affect school administration in the Province.

● THE LIBERALS FAVOR THE PLAN —

For Chronic Hospitals and Homes for Senior Citizens, as first proposed by the Liberal Opposition in the Alberta Legislature and lately adopted by the Premier. However, the Liberals advocate that any deficit in operations must be borne by grants from the Province and not by participating municipalities.

● THE LIBERALS IN THE OLDS CONSTITUENCY —

Are pledged to support a WORKABLE Farm Purchase Credit Act which will allow young farmers to purchase land and equipment in this constituency. The present Social Credit Farm Purchase Act is too inadequate to be practical.

DISTRICT NEWS**M.V.B.C. NEWS**

(From Our Own Correspondent)

Examinations at the college are in the past and students' results have been recorded. We do not know if everyone is happy or not, but we do know in better work in the coming semester. Most of the students have registered for a second term and classes began on Monday morning with the new timetable and curriculum from now until the end of the term.

President Taylor received word of a serious injury sustained by his brother Norman, who has undergone surgery in a Calgary hospital. He is still quite ill.

The college has been privileged in having Rev. Harold Germaine, a missionary under the S.I.M. in Nigeria, Africa. His stirring messages on Thursday and Friday, were much appreciated by all who heard him. He was accompanied by Rev. M. Reimer, also a missionary under the same mission. The latter, who will be returning to Africa, is a cousin of Cliff Reimer, a senior student here.

Mr. Lavren Traub, who teaches piano in the college, has been given the opportunity to teach piano to the children of the Cremona school each Monday afternoon. He is able to do only a part of the work required there and will be taking an assistant with him. This is in connection with the school curriculum.

Miss Gladys Eby extends her appreciation and thanks to Dr. Banker and the excellent staff of nurses who worked under Mrs. Turner in the hospital. Her stay there last week was made a happy occasion because of those who ministered her needs.

President Taylor will be holding a series of meetings in the James River church during the coming week. He will commute back and forth during the week. Mrs. Taylor and some student singers expect to accompany him.

A friend has presented the school with a projector. This is indeed appreciated, and to say thank you is scarcely adequate. We have needed this for some time.

Let us remember "Open House" this coming weekend. On Friday evening, January 23rd at 8 p.m. the doors will again open to our many friends who come each year. Be sure that you are among them this time. The new Student Centre will be the main feature this year. It is worth seeing.

CONDEMNATION ORDERS: During the course of our weed inspection work during the summer we frequently came across fields which are under cultivation and perhaps in crop which carry a high weed population that we feel the only way to "clean up" that field is to carry out a thorough summer fallow for at least one year.

When this is the case we are obliged to write out a condemnation or No Seed order, and either hand it to the operator or have it delivered to him by registered mail. A notice of this sort simply means that we are directing the operator to do a thorough job and make an honest effort to eradicate the weeds.

In some cases, depending on the kind of weeds present and if they could be controlled by the use of weed chemicals, and providing the operator is willing to co-operate fully, we are prepared to amend a condemnation order in such a way that the operator can crop the land but he must agree in writing that he will carry out a weed control program, using the chemicals as and when they should be used, under the direction of the Field Supervisor.

During 1948 we encountered an unusually severe and widespread infestation of perennial sow thistle. As a result we were obliged to write a large number of condemnation orders. However, this weed can be effectively controlled with MCP Ester. We are prepared to review and possibly amend these notices on the terms described above.

LIGHT YOUR WAY . . .**... WITH BIBLE STUDY**

One minute after death. What? The soul does not die with the body, as Russellism teaches. It does not sleep in the grave, as Adventism teaches. It does not fly around in space for 2,000 years, the return and become re-incarnate. This is an old error of the Egyptians, who for this reason embalmed their dead and built for them pyramids and secret rooms. It does not continue to exist in a state of coma as the Socinians teach. It does not hover in the vicinity of its former home, endeavoring to guide or communicate with the living, as the Spiritualists teach.

But, the soul of a Christian, that is one who in this life accepted Jesus as his Lord and Savior from sin, death and the devil, is at once with Christ. Listen to Jesus' own words: "Today thou shalt be with me in paradise." In the Old Testament, this same truth is taught: "Then shall the dust return to the earth as it was, and the spirit shall return to God who gave it."

Therefore, to a Christian death is not something to be afraid of. True, it is sad to think of leaving loved friends. But, a Christian can at all times have the prayer of Paul in his heart: "I have a desire to depart and to be with Christ." For he knows that after death, the temporal death, there is life, eternal life for him. The early Christians would not celebrate the birthday of their friends, but the anniversary of death; for, they said, the death day of a Christian is really his birthday, being born into that life which is true and abiding.

**SOVING THE WHEAT
SURPLUS PROBLEM**

"I believe in the long pull there is a way out. As long as there are hungry people in the world there is a place for surplus wheat. We live in an age where it is being demonstrated every day that nothing is impossible. Putting our wheat surplus in the stomachs of hungry people is considerably less difficult and less expensive than putting a plane in orbit or sending a rocket to the moon, yet we talk with confidence when we speak of the latter and with despair when we mentioned the former." — Cliff Hope, former member U.S. House of representatives.
